

PRESS RELEASE

Survey results on St. Mark

The full results and analysis of the Survey of the business community in the Parish of St. Mark are accessible on the website of the Agency for Reconstruction and Development at www.ardgrenada.org

The ARD conducted the Survey of 165 businesses in the Parish from July 10 to 14, in conjunction with the Ministry of Finance Central Statistics Office. Preliminary results were released by the Member of Parliament for the Constituency of St. Mark Hon. Dr. Clarice Modeste Curwen during an Economic Development Forum in Victoria last month.

The preliminary analysis of the results shows that:

- * 39 percent of those interviewed are involved in wholesale and retail activities,

- * 17 percent in agriculture,

- * 9 percent involved in food and beverage,

- * 5 percent in construction,

- * 4 percent in garments,

- * 2 percent in transport and storage,

- * 1 percent in manufacturing, and

- * The remaining 23 percent in other varying activities

The full results are accessible under the National Strategic Planning Process section of the website.
